Mr. E. F. Clar,
Manhattan,
Nevada.

My dear Mr. Clar:-

We note that the Land Office is sending out a large number of notices to Indians, who have made allotment filings within the last six or seven years, that they will have to file an affidavit, corroborated by two witnesses, as to their occupancy and improvements on the land for which they have filed. Among these are:

Doc Moore	Manhattan, Nev.
Spud	Millett, Nev.
Fisherman,	"
Johnnie Wilson	"
Mike Millett	Round Mountain, Nev.
Tim Hooper	Manhattan
Sam D. Courts	Round Mountain.

We are writing each of these Indians, and sending them a form of affidavit which may be followed. If you can, in any way, assist these Indians in preparing their affidavit, which must be done within the next two weeks, it will be very much appreciated.

Cordially yours,

Special Agent in Charge.

Gentlemen:

We are in receipt of a telegram from Manhattan that Fisherman, Serial 07362, Spud, Serial 07330 and Buck Moore, Serial 08182, Indian applicants for allotments, who have been instructed to file affidavits as to their occupancy of the land applied for, have been unavoidably delayed in getting their affidavits properly prepared. Have wired them to get these papers completed without delay and forward them. These Indians took up their respective lands in good faith for the purpose of making homes for themselves and their families and have been conscientiously improving their holdings. They live at a long distance from any official before whom they can make these affidavits and from persons who can satisfactorily assist them in preparing the same. These various affidavits will no doubt reach the Land Office within a very few days and we trust that owing to the circumstances, their interests will in no way be jeopardized because of this unavoidable delay and that every leniency will be shown them in the matter, especially as they are progressive, law-abiding Indians, who are making honest efforts to build up their own homes.

Very respectfully,

JF

My dear Mr Dorrington

I have just got back after a
chase of one week. Landed Dock
more here today and will send
his affidavit tomorrow.

Very much to my surprise the Land
Office sent notice to Speed and
Fisherman to Millett Nev and
in consequence they went there
to make affidavit but failed to
advise me of this until I saw them
in person. It may be well to let
Mr Shober & Rogers know that their
affidavits went in to avoid complica-
tions.

Yours sincerely L.F. Clark
