Dear Sir:-

I have some land and im-
-provements at Pine Creek, Nye County, Nev.

Can I sell the improvements and
leave the land? I want to leave here.

Let me know at once and oblige.

Yours

Tim Hooper.

Dear Sir:

I refer you to
your letter to me of March 8th to the
effect that you would require to know 24th of
the month to find it impossible to
comply owing to the lack of funds.
Referring to your letter of March 8th
in which you state that you have
no record of any transaction
concerning the same to which attached
notice of delinquency. What I wish
to know is if you will send me
a receipt in the form of a check. I have
been sick for the past two years
and have been unable to stay any
longer. I please advise me
if I can do anything to aid you
in the least in the land and the
requirements. Kindly return
attached paper.

Respectfully,
Ginn Hoover

Mr. Ira Murdoch,

Goldfield, Nev.

My dear Mr. Murdoch:

Tim Hoover has written us in reference to making a sale of his allotment, which is surrounded by your lands in Monitor Valley. So far we have not granted his request.

Perhaps your company is the intended purchaser. If not, I would advise that you see Tim as soon as possible in order to take such steps as you see fit to protect the company's interest. This will give you notice for such action, and after you have sized up the matter, you can write us.

We would be glad to hear from you as soon as you have made the necessary investigation. We will withhold any action in the matter, until your reply is received.

Very sincerely yours,

L. A. DORRINGTON,
Special Agent in Charge.

Mr. Tim Hooper,

Dear Sir:

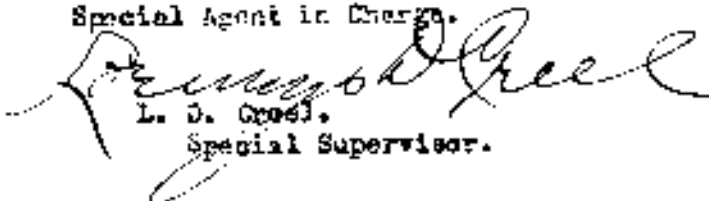

Replying to your letter of April 27th, 1921, in regard to your homestead application, serial number 010807, would say that we examined the land books at Carson City, and find that you have not apparently submitted any proof, nor received any trust patent for same.

It is our opinion that you can relinquish title to this land to the United States, and sell your improvements. By taking this action, you will be clear to file on other land when you see fit to do so, in any place you desire on the public domain, or at Fallon, Nevada, if you take the matter up with Superintendent Harry M. Carter, should you desire.

Enclosed please find relinquishment.

Very respectfully,

L. A. DORRINGTON
Special Agent in Charge.

Dear Sir:-

I am writing to you for some information in regard to my permit. The range that has been allotted to me furnishes no feed whatever; it is nothing but rocks and trees. Even a colt could not live there.

I wish you would investigate the matter and see if the Indians have any rights in this matter. Please see if you can do anything for me. I can please let me know and if not let me know.

There is no use of me putting my stock on the range they have given me.

Hoping to hear from you at your earliest convenience

Yours Sincerely
Tim Hooper

My Friend:

I have your letter of 9th instant, with reference to poor range conditions in your locality, and asking what can be done about the matter.

You will no doubt recall that when I was in Elko it was arranged that I would visit you and other Indians in that section of the State and endeavor to get your water and range rights established. You of course know that the ranges are very poor this year, owing to scarcity of snow and rainfall during the past winter, and it is going to be necessary for all stockmen and ranchers to make the best use possible of the ranges and stock water--preventing overstocking of the range and developing water from springs and seeps so far as practicable.

It is my intention to be down your way in the next week or ten days and when there I would like to see all the Indians and visit their lands, and hear from them just what their difficulties are--whether or not these difficulties can be remedied, etc.

As stated to you while in Elko it will be my desire to help your people in every way possible, and it is always a pleasure to help those Indians who are earnestly trying to help themselves, many of whom are doing well under very great handicaps.

I will try to let you know a day or two in advance of the time to expect me there.

Your friend,

Dear Sir:-

Re Status Hd Entry No. 010807--Tim Hooper.

Replying to your letter of the 7th inst regarding the status of above entry, will say that on September 10, 1923 proof (final) was set before L. E. Glass at Tonopah on October 22, 1923, but that Hooper failed to meet his proof, and this final proof is still due this office.

Respectfully,

Register.
