5	I will not take another class from this school if I can help it I felt strongly in my last year there that I was the only who cared about my education. The instructors clearly didn't. For example on a final exam I took that was all easy questions I ran out of time and answered two out of ten questions with a period nothing else and still received 100%. I thought I was doing well until then but I quickly realized that I was not getting honest feedback on my assignments and no longer felt like I had truly learned anything to prepare me for real work. That was online. My in person classes were even worse. I was to be in class for 3 hours for lab and we were maybe there for 45 minutes each time with absolutely zero instruction before she had us leave. I complained and complained and nothing was done. The instructors were never prepared and some were extremely disrespectful towards their students. I am not proud of my degree because I do not feel like I went to a good school. I suggest that you listen to your students and actually read the instructor evaluations at the end of a semester I know that I was not the only one who felt this way. Your students are self taught and that is ridiculous when they are paying for an education. Getting asked questions on exams on material never presented and then failing is extremely frustrating. I am extremely disappointed with this school.	6/10/2025 8:53 AM
6	Availability of technological help on the weekends.	6/2/2025 5:14 PM
7	More availability for live classes with bachelor level, a lot of my classes were online and I would have liked for more personal experience.	6/2/2025 1:12 PM

11	First even though I did attend the graduation I should been in the graduation program and other the program that way talking even though it was out the door the should been more communitcation with it	6/2/2025 8:50 AM
12	Having more options for in person instruction would have been my preference, but I understand that webinars can cater to more people.	6/2/2025 8:39 AM
13	Get better advisors	6/2/2025 8:37 AM
